Contents of Volume 2

PERCEPTION

Brightness constancy under a gradient of illumination
by E. H. Davidson and R. B. Freeman, Jr., 349

PSYCHOPHYSICS

Knowledge of results and cautiousness in signal detection by L. C. Hartlage, 347

The effect of false-information feedback upon psychophysical judgments by R. A. Kinchla and R. C. Atkinson (Vol. 1, 317)

Comment by A. I. Schulman, 140

Reply by R. A. Kinchla and R. C. Atkinson, 132
ROC curves for recognition of visual patterns by W. Lee, 51

Stochastic transitivity and cancellation of preferences between bitter-sweet solutions by D. H. McLaughlin and R. D. Luce, 89

Magnitude scales of line lengths by G. F. Pitz, 213

The selection of judgment categories in color discrimination by M. H. Siegel

Intermodality judgments of signal duration by T. A. Tanner, Jr., R. M. Patton, and R. C. Atkinson, 271

FORM PERCEPTION

Age changes in the mode of perceiving geometric forms by Lila G. Braine, 155

Internal perceptual system noise and redundancy in simultaneous inputs in form identification by C. W. Eriksen and J. S. Lappin, 351

Effects of figure-ground contrast and contour orientation on figural masking by R. H. Pollack, 369

Adaptation to a minified image by I. Rock, 105

Information processing in preschool children by J. F. Santa Barbara, Jr. and W. P. Pare, 143

Visual recognition: Facilitation of seeing by saying by W. M. Smith, 157

Visual recognition: Facilitation of seeing by hearing by W. M. Smith, 157

A u-shaped backward masking function in vision by Naomi Weisstein and R. N. Haber, 75

WORD RECOGNITION

Stimulus frequency: Determinant of perception or response? by W. E. Foote and L. L. Havens, 153

Drive by set interactions in a word recognition task by Vera R. Pezer and N. McK. Agnew, 375

SPACE PERCEPTION

Visual capture produced by prism spectacles by J. C. Hay, H. L. Pick, Jr., and Karren Ikeda, 215

ARTICLES, ABSTRACTS, COMMENTS, REPLIES

Auditory localization and judgments of straight ahead during adaptation to prism by S. C. McLaughlin and J. L. Bower, 283

Binocular fusion not affected by observer's interpretation of the stimulus by S. C. McLaughlin and K. I. Rifkin, 67

Change in straight ahead during adaptation to prism by S. C. McLaughlin and K. I. Rifkin, 107

Comment by C. S. Harris, 285

Reply by S. C. McLaughlin, 286

MOVEMENT PERCEPTION

Visual velocity discrimination: Effects of "blanking" the stimulus by F. J. Mandriota, 159

The measurement of the constancy of visual direction and of its adaptation by H. Wallach and J. H. Kravitz, 217

Gamma movement: Field brightness, series, and side of the standard by J. J. Winters, Jr. and Irma R. Gerjuoy, 273

FIGURAL AFTEREFFECTS

The role of induced set in figural after-effects by Lorna Gaze and P. C. Dodwell, 275

The role of experience without set in figural after-effects by P. C. Dodwell and Lorna Gaze, 277

Effects of inspection figure persistence on a figural aftereffect by W. J. Seltzer and C. L. Sheridan, 279

HEARING

Lateralization of pure tones as a function of prolonged binaural intensity mismatch by L. F. Elfner and Carol Carlson, 27

The effects of shock punishment conditions on the threshold for an associated auditory stimulus by M. Katahn, L. Thune and Rachel Doody, 353

Time-intensity equivalence in auditory lateralization: A graphical method by C. S. Watson and B. T. Mittler, 219

HUMAN PERFORMANCE

SUCKING

An apparatus for recording sucking and controlling feeding in the first days of life by A. J. Sameroff, 355

Change in neonatal response to optimizing and non-optimizing sucking stimulation by L. P. Lipsitt and H. Kaye, 221

GALVANIC SKIN RESPONSE

Incubation of the galvanic skin response as a function of design and delay characteristics by R. E. Schaub and J. A. McNulty, 359

The effect of interstimulus interval on GSR adaptation by R. E. Schaub, 361

MOTOR PERFORMANCE

Level of aspiration and motor performance in prospective scientists and in underachieving secondary school boys by A. Davids and J. Sidman, 371
Force differentiation in human subjects by D. E. Mintz and J. M. Notterman, 289
Variety of responses and reactive inhibition by Dixie M. Nohara, 301

REACTION TIME

The effect of sensory input on the reaction time of schizophrenic patients of good and poor premorbid history by A. Crider, B. Maher, and L. Grinspoon, 47
Response competition and/or inhibition in two-choice reaction time by S. Kornblum, 55

SEARCH TIME

Search time and color coding by R. Brooks, 281

ATTENTION

Absolute judgments of simultaneously presented visual and auditory stimuli by P. H. Lindsay, Lola L. Cuddy, and E. Tulving, 211
On the inferred independence of paired watchkeepers by B. B. Morgan and E. A. Alluisi, 161
Comment by B. R. Wolin, 282
Reply by E. A. Alluisi, 282

HUMAN LEARNING & MEMORY

CONDITIONING

The influence of UCS upon the acquisition of the conditioned eyelid response by K. R. Burstein, 303
A comparison of instrumental reward and avoidance training with classical reinforcement technique in conditioning the eyelid response by W. J. Hansche and D. A. Grant, 305
The conditioned Babkin reflex in human newborns by H. Kaye, 287
Operant eyeblink conditioning without awareness: A preliminary report by J. D. Keehn, K. E. Lloyd, Mary Hibbs and Diane Johnson, 357

DISCRIMINATION LEARNING

Implicit responses in discrimination learning of retardates by H. J. Fletcher, 229
Prompted versus trial-and-error initial object discrimination learning by monkeys, retardates, and pre-school children by H. J. Fletcher, J. K. Davis, B. M. Orr and Patricia Ross, 59
Overtraining and discrimination shift behavior in children by Louise S. Tighe and T. J. Tighe, 365
Discrimination reversal performance in children as a function of prereversal experience and overlearning by Reesa M. Vaughter and H. A. Cross, 363

Tactual and visual learning of forms differing in degree of symmetry by R. D. Walk, 93

Discrimination learning with varying numbers of positive and negative stimuli by children of different ages by R. D. Walk and E. J. Saltz, 95

MAZE LEARNING

Novelty as a determinant of spontaneous alternation in children by N. C. Ellis and M. D. Arnoult, 163
Human learning in multiple T maze: An investigation of verbal and motor learning modes by W. T. Stellwagen and G. W. Card, 227

VERBAL LEARNING

Comparison of successive and simultaneous methods of pair presentation in paired-associate learning by S. C. Brown and Penny Brown, 309
Erratum, 353
Acquisition of form-class membership by syntactic position: Paradigmatic associations to nonsense syllables by S. Glucksberg and J. A. Cohen, 313
The effect of monetary incentive in paired associate learning using a differential method by W. F. Harley, Jr., 377
Transfer effects of mixed and unmixed list designs in paired associate learning of children by G. J. Johnson and R. K. Penney, 171
Paired-associate latencies after the last error by L. R. Peterson, 167
Latencies on last error in paired-associate learning by Madeleine Schlag-Rey, G. Groen, and P. Suppes, 15
Changes in commonality scores as a function of task and time: Implications for PA learning by Sydelle S. Shapiro, 367
Prediction of paired-associate latencies after the last error by an all-or-none learning model by J. Theios, 311
Further evidence on the effects of word abstractness and meaningfulness in paired-associate learning by A. D. Yarmey and A. Paivio, 307

REINFORCEMENT

The effect of different rewards under two different conditions on the performance of first-graders by S. R. Friedman and N. Tiber, 237
Probability learning and the blank trials law by M. L. Richter and M. Levine, 379

MEMORY

Processes of verbal memorization revealed in correct and erroneous recall of words and paralogues by B. G. Andreas and Elizabeth Deutsch, 381
The insufficiency of a finite state model for verbal reconstructive memory by M. D. S. Braine, 291
The Ranschburg Phenomenon: Failures of immediate recall correlated with repetition of elements within a stimulus by R. G. Crowder and A. W. Melton, 295

- Controlling the "fate" of first list associates by B. E. Garskof, J. M. Sandak, and E. W. A. Malinowski, 315
- The effects of repetition on the short-term memory function by W. Kintsch, 149
- Recognition and recall of verbal material as a function of degree of training by R. Lachman and W. H. Field, 225
- Comment by D. E. Clement, 348
- Reply by R. Lachman, 386
- Short-term retention and presentation rate by M. S. Mayzner and K. M. Schoenberg, 111
- Asymmetry in stimulus-term and response-term recall following paired-associate training by S. E. Newman, J. W. Cunningham, and C. W. Gray, 297

LANGUAGE & THINKING

MEDIATION

- Effects of anxiety and stress on verbal mediation in children by Joyce Ching-Yi Wu and L. P. Lipsitt, 13
- Mediated clustering and importation with implicit verbal chains by Phebe Cramer, 165
- Grammatical frames as stimuli in a four-stage, stimulus-equivalence paradigm by D. T. Hakes, C. T. James, and R. H. Lloyd, 383
- A paradigm for experimental control of mediating verbal process by K. W. Haun, 53
- Pseudomediation: Is chaining an artifact? by G. Mandler and B. Earhard (Vol. 1, 247)
- Comments on pseudomediation by J. J. Jenkins, 97
- An experimental analysis of pseudomediation by J. J. Jenkins and D. J. Foss, 99
- Erratum, 168
- A method for studying the effects of mediated associations in the paired-associate learning of children by R. D. Odom, 1
- Abstractness of the common element in mediated learning by A. Paivio and A. D. Yarmey, 231
- Mediation with pseudomediation controlled: Chaining is not an artifact! by R. W. Schulz, G. E. Weaver, and S. Ginsberg, 169
- Mediation and position learning in the recall of structured letter pairs by K. H. Smith, 293

CONCEPTS

- Developmental level and concept learning: Confirmation of an inverse relationship by S. R. Friedman, 3
- Developmental level and concept learning: Interaction of age and complexity by H. E. Klugh and Karen Roehl, 385
- Dimension availability with antecedent success or failure in concept identification by V. Pishkin, 69

VERBAL PROCESSES

- The NRC booklet: A group technique for studying word arousal phenomena as a function of S's idiosyncratic habits by E. A. Bilodeau and P. W. Fox, 223
- Erratum, 288

- "Phenomenal displacement" in delayed auditory feedback: II. High intensity effects by M. Berko, 389
- Solving words as anagrams by B. R. Ekstrand and R. L. Dominowski, 239
- Preliminary word-association norms for institutionalized adolescent retardates by Irma R. Gerjuoy and H. Gerjuoy, 91
- Semantic satiation, forewarning, and decision latency by P. H. Gough and N. L. Rohrman, 387
- "Phenomenal displacement" in delayed auditory feedback: I. Disparate inter-aural intensities by J. Hochberg and M. Berko, 389
- Word frequency of synonym responses as a function of word frequency of the stimulus and list position of the response by T. J. Johnson, D. L. Meinke, A. P. Van Mondfrans and Judith Finn, 235
- Letter association and sequence norms by R. Lachman and K. R. Laughery, 103
- Verbal satiation?? by R. W. Schulz, G. E. Weaver, and R. C. Radtke, 43
- "Meaningfulness" in tachistoscopic thresholds, serial learning, and association measurement by Wilma A. Winnick and M. Ellner, 233

DECISION BEHAVIOR

- Binary-choice sequences of retardates, normal children, and college students under random- and pattern-set instructions by Irma R. Gerjuoy and H. Gerjuoy, 25
- Effects of risk as a within-subject variable in probability learning by S. G. Lipkin, J. A. Schnorr, Mary M. Suydam and J. L. Myers, 145
- The behavior of responsive individuals playing a two-person, zero-sum game requiring the use of mixed strategies by D. Malcolm and B. Lieberman, 373
- Incentive shifts in a three-choice decision situation by R. G. Swenson, 101

SOCIAL BEHAVIOR

- The acquisition and extinction of peer imitation in children by Barbara S. Clark, 147
- Resource location and reinforcement reversal by R. Eisenman, 209
- Social values and conformity by Nancy E. Hawkins and M. E. Meyer, 31
- Group effectiveness as a function of the group's knowledge of member dissatisfaction by M. E. Shaw and P. Caron, 299

PHYSIOLOGICAL PSYCHOLOGY

- Interhemispheric spread and graded response in spreading cortical depression by Dianne A. Cofoid, 343

SENSORY FUNCTIONS

- The effect of brain lesions on prism-adaptation in monkey by J. Bossom, 45
- Erratum, 62

- Evoked response of the human visual cortex: Spectral sensitivity by C. R. Cavonius, 185
- Thresholds of schizophrenics to sinusoidal electrical vestibular stimulation by D. Dzendolet and T. J. Moore, 123

MOTIVATION & EMOTION

- The effects of prenatal injections of adrenalin chloride and d-amphetamine sulfate on subsequent emotionality and ulcer-proneness of offspring by R. W. Bell, R. R. Drucker and A. B. Woodruff, 269
- Effect of ACTH on open field behavior, avoidance, startle, and food and water consumption by K. E. Moyer (Abstract), 270
- Equivalence of radio frequency and electrolytic lesions in producing septal rage by R. W. Reynolds, 35
- Feeding chicks exclusively via implanted plastic fistulas by G. M. Sterritt and M. P. Smith, 177
- Generality of "drive-decay" as an explanatory concept by R. M. Stutz, I. Lewin, and K. W. Rocklin, 127

LEARNING

- Amino acid analysis of planarians following conditioning by F. T. Crawford, F. J. King, and L. E. Siebert, 49
- Hippocampal ablation and operant behavior in the rat by L. E. Jarrard, 115
- Temporal discrimination in rats during continuous brain stimulation by J. Kaplan, 255
- Spreading depression: Effects of applying potassium chloride to the dura of the rabbit on the conditioned nictitating membrane response by J. D. Papsdorf, D. Longman, and I. Gormezano, 125
- Vasomotor response in human subjects: Conditioning and pseudo-conditioning by Stephanie B. Stolz, 181
- Differential effects of reinforced and non-reinforced stimuli upon electrocortical recruiting responses by N. M. Weinberger, M. Velasco, and D. B. Lindsley, 129
- Negative induction in instrumental behavior reinforced by central stimulation by D. R. Williams, 341

AVOIDANCE BEHAVIOR

- The effects of anteromedial and dorsomedial thalamic lesions on passive avoidance and activity by L. K. Gerbrandt, 39
- Erratum, 176
- Avoidance and retention deficits in septal cats by R. A. McCleary, Caroline Jones, and H. Ursin, 85
- Effect of adrenalectomy and adrenal demedullation on the retention of an avoidance response in the rat by K. E. Moyer and J. H. Korn, 77
- The effect of insular neocortical lesions on passive and active avoidance behavior in the rat by W. P. Paré and J. S. Dumas, 87
- The effects of amygdaloid stimulation on passive avoidance by L. Pelligrino, 189
- An artifact in the use of brain stimulation with shock-motivated behavior by J. S. Schwartzbaum and P. J. Donovick, 183

- Comment by Phyllis Kasper and L. Pelligrino, 318
- Reply by J. S. Schwartzbaum, 318

MEMORY

- Twenty-four hour retention by neonates of an habituated heart rate response by Rachel E. Keen, Helen H. Chase and Frances K. Graham, 265
- Changes in post-trial fixation processes created by previous experience by M. R. Meeker, 267
- A test of the consolidation theory with ECT patients by G. A. Talland, 339

DRUG EFFECTS

- Amino-oxyacetic acid: Effects on multiple fixed ratio-fixed interval performance in the rat by J. W. McKearney and R. A. Patton, 345
- Drug facilitation of memory in rats by L. Petrinovich, D. Bradford, and J. L. McGaugh, 191

ANIMAL MOTIVATION

- Rat sexual behavior: Photographic analysis of the intro-mission response by G. Bermant, 65
- A further investigation of the development of mouse-killing in rats by N. W. Heimstra, 179
- Sensory regulation of open-field activity in mice: Visual stimulation and discontinuous development by D. D. Thiessen, 317

PREFERENCE

- Differences in responses to light between two species of planaria: *Dugesia tigrina* and *D. dorotocephala* by R. C. DeBold, W. R. Thompson, and C. Landraitis, 79
- Changes in stimulus preference as a function of exposure in an extra-test situation by D. A. Dewsbury, 175
- Measured sucrose preference in the albino rat: The influence of an auditory cue by G. L. Fisher, 9
- Preference of chicks in the original stimulus situation of imprinting by T. L. Smith and M. E. Meyer, 121
- Reward value of saline and water for the rat by Elizabeth M. Stearns, 193
- The effects of age, weight and experience on relative sugar preference in the albino rat by M. W. Wagner, 243

HUNGER & EATING

- Time spent with food and nonfood incentives as a function of food deprivation by J. Allison and Maria Rocha e Silva, 63
- Specific hunger for potassium in the rat by P. Milner and I. Zucker, 17
- Inhibition and facilitation of eating by electric shock: III. A further study of the role of strain and of shock level by G. M. Sterritt, 319

THIRST & DRINKING

- A note on psychogenic polydipsia by R. W. Malott and W. W. Cumming, 241

- Effect of experience with emotion provoking stimuli on water consumption in the rat by K. E. Moyer, 251
- The development of water drinking on a dry-food free-reinforcement schedule by Evalyn F. Segal, 29
- Determinants of polydipsia in rats: II. DRL extinction by Evalyn F. Segal and S. A. Deadwyler, 203
- Determinants of polydipsia in rats: A reply to Stein. I. Emptying the water bottle by Evalyn F. Segal and D. L. Oden, 201
- Determinants of polydipsia: III. Withholding food on a free-reinforcement schedule by Evalyn F. Segal, D. L. Oden, and S. A. Deadwyler, 205

ANIMAL LEARNING

CONDITIONING

- Single session conditioning of the nictitating membrane in the rabbit: Effect of intertrial interval by J. Brelsford, Jr. and J. Theios, 81
- Non-differential conditioning of operant responding across a sound intensity continuum by F. W. Hegge, Rosemary Pierrel, J. G. Sherman, and S. Sadowsky, 11
- Conditioning with a passive person reinforcer and extinction in Shetland sheep dog puppies by W. C. Stanley, D. D. Morris, and Alice Trattner, 19
- The passive person as a reinforcer in isolated beagle puppies by W. C. Stanley, 21

DISCRIMINATION LEARNING

- Discrimination reversal learning in naive stump-tailed monkeys as a function of number of acquisition trials by W. N. Boyer and H. A. Cross, 139
- Effective stimuli for pattern discrimination in monkeys by C. M. Butter, 325
- Steepened generalization gradients after massed extinction to the CS by E. Hearst and R. Poppen, 83
- Effects of prior exploration on subsequent discrimination learning by M. E. Shanab, 329
- The effects of cue-reversal as a function of amount of prior learning on a shock-motivated discrimination by C. L. Sheridan and C. N. Bennett, 207
- Interocular transfer in the rat: The role of the occlusion process by C. L. Sheridan and L. L. Shrout, 173
- A study of stimulus generalization by the method of concurrent training by L. Stettner and R. Koteskey, 197
- An incentive model for the overlearning reversal effect by J. Theios and D. Blosser, 37
- The effect of overtraining on the shift behavior of albino rats by T. J. Tighe, P. L. Brown, and E. A. Youngs, 141
- Proximity of manipulandum and foodcup as a determinant of the generalized S^D effect by M. A. Trapold and J. G. Carlson, 327
- The effects of severely restricted visual experience on the perception of "identity" by A. B. Woodruff and M. L. Slovák, 41

MAZE LEARNING

- Food intake and acquisition of maze learning as a function of the experimenter by S. Ashida, 245
- Perfect retention of an instrumental response by D. Ehrenfreund and J. Allen (Vol. 1, 347)
- Comment by H. Gleitman and Freda Steinman, 210
- Reply by D. Ehrenfreund and J. Allen, 210
- The effects of pre-puberal environment and post-puberal blindness on maze learning by L. Lash and A. G. Goldstein, 5
- Age and strain differences in the effect of distribution of practice on maze learning by J. L. McGaugh and J. M. Cole, 253

AVOIDANCE & PUNISHMENT

- The recovery-from-extinction of an avoidance response following an inescapable shock in the avoidance apparatus by M. Baum, 7
- Avoidance responses to pure tones in the rat by J. H. Dewson, III, 113
- A method for producing avoidance behavior in the turtle by A. M. Granda, Y. Matsumiya and C. E. Stirling, 187
- Primary and secondary punishment of toe sucking in the infant rhesus monkey by H. Kaye, J. Cox, T. Bosack, and K. Anderson, 73
- "Delay-engendered avoidance" reconsidered by J. H. McHose, 323
- Frequency and latency measures of the generalization of punishment by E. Winograd, P. S. Cohen, and B. K. Cole, 321
- Intertrial interval in the maintenance of discrete-trial avoidance by R. G. Weisman, D. J. Zerbolio, and M. R. Denny, 33

REINFORCEMENT

- Timing behavior as a function of amount of reinforcement by B. Beer and G. Trumble, 71
- Interresponse time reinforcement: Transition and steady states by R. W. Malott and W. W. Cumming, 257
- A note on multiple schedules of IRT reinforcement by R. W. Malott and W. W. Cumming, 259
- Reinforcement delay and reinforcement rate as determinants of schedule preference by C. G. McDiarmid and M. E. Rilling, 195
- The effect of delayed reinforcement on DRL conditioning by D. Meltzer, G. C. Maxey and N. L. Merkler, 331
- Further evidence on the dependence between reinforcing and discriminative functions of a stimulus by J. E. Morrow, L. B. Sachs, and R. R. Belair, 61
- Runway performance following changes in sucrose rewards by A. J. Rosen and J. R. Ison, 335
- Toward empirical behavior laws: I. Conditioned reinforcement by Evalyn F. Segal, 135
- Toward empirical behavior laws: II. Effectiveness of a conditioned reinforcer paired with food and shock by Evalyn F. Segal, 137

First attempt at a positive conditioned reinforcement analog of discriminated avoidance by Evalyn F. Segal, 199

Effects of fixed ratio training on subsequent preference for the reinforcer by C. L. Sheridan, D. M. Levinson, and R. M. Cristal, 263

Time-out from fixed-ratio reinforcement: A systematic replication by D. M. Thompson, 109

Comment by W. F. Battig, 250

Reply by D. M. Thompson, 258

The effect of noncontingent fixed- and variable-interval reinforcement upon subsequent acquisition of the fixed-interval scallop by M. A. Trapold, J. G. Carlson, and W. A. Myers, 261

Erratum, 353

The development of a conditioned positive reinforcer based upon the termination of shock by W. Wagman and J. D. Allen (Vol. 1, 363)

Comment by L. E. Longstreth, 242

Reply by W. Wagman and J. D. Allen, 260

Final note by L. E. Longstreth, 242

EXTINCTION

Stimulus variation and resistance to extinction: Satiation or disinhibition? by W. E. Bacon and D. Bindra, 119

Spontaneous recovery after extinction with periodic time-outs by S. B. Kendall, 117

Partial reinforcement with a small number of trials: Performance in extinction by G. McCain, 131

Partial reinforcement with a small number of acquisition trials: Modified extinction procedures by G. McCain, 133

Partial reinforcement with a small number of acquisition trials: Pretraining and acquisition by G. McCain, 249

Resistance to extinction as a function of constant delay of reinforcement by M. H. Marx, D. F. McCoy, Jr., and Jo W. Tombaugh, 333

Delayed extinction of escape responses: A parametric study by K. B. Melvin, R. C. Martin, and G. Parsons, 247

Resistance to extinction as a function of level of acquisition training and altered stimulus conditions during extinction by D. Schiff, 23

SOCIAL BEHAVIOR

The development of interspecies social attachments by R. B. Cairns and D. L. Johnson, 337

Modification of early experience of the tendency toward gregariousness by S. Ashida (Vol. 1, 343)

Erratum, 10
